Colophon: “The natural Liberation of the Three Poisons, Without Rejecting Them: A Guruyoga Prayer to the Three Embodiments,” in The Natural Liberation through Contemplating the Peaceful and the Wrathful was composed by Orgyen Padmasambhava. May the Dharma and vanish until the world of the cycle of existence is empty. This is a treasure of Karma Lingpa. May there be good fortune!

### Colophon

In hopes of guiding the deceased during the bardo states so they can be led to the path of liberation, I have put together these liberating prayers for the Bardos. May all beings be liberated at the time of the Bardos!

## **DEDICATION OF MERIT**

May the merit and virtue  
accrued from this work  
adorn Amitabha Buddha's Pure Land,  
repay the four great kindnesses above,  
and relieve the suffering of  
those on the three paths below.  
May those who see or hear of these efforts  
generate Bodhi-mind,  
spend their lives devoted to the Buddha Dharma,  
and finally be reborn together in  
the Land of Ultimate Bliss.  
Homage to Amita Buddha!
